BOOK BINDING, IN ALL ITS VARIOUS BRANCHES:

I T contemplates a Military Organization for Literary and Scientific purposes; an education eminently scientific and practical; the formation of regular habits, and the diffusion of a knowledge of Military Science.

Military Science will be permitted to interfere with the pupil's progress in study, but will rather take the place of his profitable and often vicious play.

The course of study adopted, and which will be required in our school, will be that taught in the best Colleges, except that but one language is required, (Latin or French,) the usually occupied by the second, being devoted to a more extensive course in Mathematics, Natural Science, and English Literature.

A preparatory Department is organized in connection with the Institute, in which boys of any age are taken, and are subjected to some Military discipline as the Cadets.

The position of the Institute, at the Franklin Springs, near Frankfort, Kentucky, recently occupied by Franklin Institute, is now given over to Academic purposes; the locality being airy and healthy, the mineral waters salubrious, the buildings elegant, extensive and commodious, and entirely apart from the contamination and multiplied maladies incident with the city of Frankfort.

The Institution is placed under the charge of Col. R. T. P. ALLEN, as SUPERINTENDENT, who has been brought prominently before the public, as a competent and successful teacher and governor of youth, by his honorable graduation at the United States Naval Academy, and his connection with the Army, and with the Engineering Service of the General Government, as Superintendent of public works; by his long experience as Instructor, by his recent connection with the Transylvania University.

The Academic Year will be divided into two Sessions of twenty-one weeks each.

The first commencing on the 1st Monday in October, and the second on the 1st Monday in March. The only vacation occupying the months of August and September.

The month of July will be spent in an excursion through the State, for the better study of its Geology and of Natural Science.

Applicants for admission, on paying the charge of the Institute, and presenting a certificate of good moral character, will be admitted into the classes as their advancement may justify, and upon a sufficient number of students being admitted, will entitle to a warrant of appointment, as Cadet, (on the Governor. The uniform of the Cadets is plain and neat, and being of Kentucky Jesus, will greatly reduce the expense of their clothing.

THE DAILY COMMONWEALTH.

WEDNESDAY.....FEBRUARY 24, 1847.

KENTUCKY LEGISLATURE.

Evening Session.

Senate met at 3 o'clock.

House of Representative Bills.

A bill for the benefit of James O'THARA, deputy Sheriff of Grant county; passed.

A bill to incorporate the Germantown Circulating Library Company; passed.

A bill for the benefit of certain common schools in this commonwealth.

Mr. RICE proposed to amend by inserting Law-

rence county.

Amendment concurred in, and bill passed.

A bill to authorize the County Court of M'Cracken to sell the Seminary lands in said county; passed.

A bill for the benefit of the Maysville Guards; passed.

A bill for the benefit of John M. Morton, authorizing him to bring three slaves into the State; passed.

Amendment to Senate bill incorporating the Cynthiana and Millersburg Turnpike Company; concurred in.

The H. R. resolutions in relation to Maj. P. N. Barbour, and amendment of the Senate striking out provision for presentation of a sword to the widow of the deceased, to which the H. R. had disagreed. The Senate receded from its amendment.

On motion of Mr. Heady, he was directed to ask leave to withdraw from H. R., the announcement of its disagreement to a bill to revise and amend the act incorporating the Shepherdsville and Louisville Turnpike Company, and the vote by which the Senate disagreed was reconsidered.

The Kentucky river bill being still under considera-

tion.

Mr. TODD proposed an amendment, providing that the County Courts of the counties named in the bill, should not be authorized to subscribe to said improvement, unless a majority of those voting at a poll directed to be opened in each county should instruct them so to do; which was accepted by Mr. J. SPEED SMITH.

Mr. PEYTON opposed the whole measure on the ground that it was opening again the door to a wild and ruinous system of internal improvement, and on the ground that the employment of convict labor was impolitic both as to the cost which he contended was greater at the rate estimated in the bill—for 40 cents per day—than other labor, and from every other consideration, as affecting the convict himself. The public works he contended, upon the rivers, had been dead loss to the State—the expenses greatly exceeding the revenue derived from them. The amount appropriated in the bill, Mr. P. said, was more than really appeared upon its face. The State was in debt to the Penitentiary for the erection of buildings, to an amount which would be diminished, and that the services of a clerk were indispensably necessary to the Commissioners of the Sinking Fund, and could not be properly performed by the 1st Auditor, in addition to his other duties.

Mr. HELM remarked, that the bill had been fram-

ed at the suggestion of an officer associated with the Board of Commissioners of the Sinking Fund,

who told him that the services of the Clerk of the board could be dispensed with; and the Governor and others of the board, were anxious for the privilege of exchanging the bonds as provided in the bill.

Mr. PEYTON and Mr. CRÉNSHAW supported

the bill, on the ground that the money required

would come out of the profits of the institution, and

the improvements proposed were necessary to the

health of the convicts, and the good of the institu-

tion.

Mr. HARDIN could not see the distinction drawn

by Senators. If the money were not used in erect-

ing this building, it would of course go into the

treasury. Its appropriation then, to this object, was

to all intents and purposes, taking it from the treas-

ury.

Mr. J. SPEED SMITH, advocated the bill, as it

would give employment to surplus labor in the Peni-

tentiary.

Mr. SMITH remarked in favor of the bill.

Mr. WILLIAMS proposed an amendment.

Mr. HANSON moved to lay the bill and amendment

on the table. The yeas and nays being called

the vote stood, yeas 54, nays 34.

So the bill was laid on the table.

Also—asking a discharge from further considera-

tion of a bill to suppress the sale of spirituous li-

quors in Greenup county.

Mr. EVANS read a letter upon this subject, when

the previous question was ordered, and the discharge

granted.

Mr. EVANS moved a reconsideration, after some

remarks the motion was lost.

Mr. STEVENSON submitted a report touching

the Lessees of the Railroad; ordered to be printed.

Mr. WILLIAMS from the committee on Federal

Relations reported joint resolutions, as follows viz:

Resolved by the General Assembly of the Commonwealth of Kentucky, That the Constitution of the U. States ought to be so amended as to enable a majority of all the members elected to both branches of Congress, to pass or repeal a law, the objections of the President of the U. States to the contrary notwithstanding.

Resolved, That our Senators in Congress be instructed, and our Representatives be requested to bring the subject of the amendment of the Constitu-

tion of the U. States before Congress, and urge the propriety of an amendment such as that contemplated by the above resolution.

Resolved, That the Governor of this Common-

wealth be requested to forward to the Governors of

each of the States of this Union, a copy of the fore-

going resolutions, to be by them laid before their re-

spective Legislatures, and that he also forward a copy of said resolutions to each of our Senators and

Representatives in Congress.

Also—asking a discharge from the further considera-

tion of a bill to regulate the number of Justices of the Peace in Greensburg, with an amend-

ment; amendment concurred in, and bill passed.

Also—a Senate bill for the benefit of William P.

Mitchell; passed.

Also—a Senate bill giving additional powers to

the Trustees of the town of Princeton in Caldwell

county; passed.

Also—a Senate bill to regulate the number of Justices of the Peace in Shelby county, with amendments, amendment concurred in and bill passed.

Also—a Senate bill for the benefit of Richard S. Mason; passed.

Also—a Senate bill to change the venue in a

prosecution against Polly Fenton; passed.

Also—a Senate bill for the benefit of George

Dickson of Nelson county; passed.

Also—a Senate bill for the benefit of Alfred

Paine; passed.

Also—a bill to amend the road law of Jefferson

county; passed.

Also—a bill from the Senate to change the Rus-

sell and Clinton county line.

Mr. OWENS moved to lay the bill on the table;

lost.

Mr. HAGGARD stated the facts of the case, and

urged the passage of the bill.

Mr. OWENS replied, when the previous question

was ordered, and the bill rejected; yeas 43, nays 44.

Also—a bill to add a part of the county of Mor-

gan to Johnson county; rejected.

Also—a bill to repeal the act prohibiting the sale

of spirituous liquors in the town of LaGrange.

Mr. W. S. BOOTT'S moved to lay the bill on the

table. The vote stood; yeas 49, nays 33.

So the bill was laid on the table.

Also—a bill to incorporate the town of Boonville

in Owsley county; passed.

Mr. A. G. BOOTT'S moved a reconsideration of

the vote just taken on the bill to change the line be-

tween Morgan and Clinton counties. After some

discussion the motion was lost.

Mr. SOERY moved to reconsider the vote on the

bill in relation to the sale of liquors in LaGrange; lost.

Also—asking discharge from further considera-

tion of petitions to change the line between the counties of

Kenton and Boone; granted.

Also—asking discharge from further considera-

tion of petition of certain citizens of Logan county,

asking to be added to Simpson county; granted.

Also—discharge from further consideration of the

petition of certain citizens of Caldwell county, asking

a division of the county.

Also—against the petition of citizens of Hick-

man county, asking a removal of the county seat;

concerned in.

Also—discharge from further consideration of the

petition of Elizabeth Radcliff.

Also—discharge from further consideration of the

petition of certain citizens of Hancock county, pray-

ing the discontinuance of a State road.

Also—a bill for the benefit of the clerk of the

county court of Morgan county; passed.

Also—asking a discharge from further considera-

tion of a leave to bring in a bill for the benefit of

M. R. Stealy.

Mr. REED moved to recommit the leave, with

instructions to report a bill.

Mr. MERIWETHER explained the reasons

which induced the committee to report as they did.

Mr. REED advocated the motion, to enable the

claim of the petitioner to be examined.

On motion of Mr. McHENRY, the report and in-

structions were laid on the table.

Mr. WORTHAM from the committee on Privi-

leges and Elections, reported a bill to establish an

election precinct in the county of Pulaski, and for

other purposes; passed.

Special Order of the Day.

A bill to authorize the issue of State bonds for

certain purposes.

The 1st section provides that the Governor may

issue six per cent. bonds, redeemable in 30 years, and exchange them for the five per cent. Internal Improvement bonds, when it can be done with advantage to the State.

The 2d section provides, that the office of clerk of the Sinking Fund shall be abolished, and the duties performed by the 1st Auditor.

Mr. HELM explained the object of the bill, to reduce the amount of the public debt, which could be effected by an exchange of the bonds proposed. The six per cent. bonds could be sold at their par value, and the five per cent. bonds could be bought at a discount of sixteen dollars in the hundred. The services of the clerk could be very easily dispensed with, by allowing the 1st Auditor a small sum for additional clerical hire.

Mr. HELM proposed to strike out the second section, and insert a section repealing the law authorizing the appointment of a clerk of the Sinking Fund, and requiring the 1st Auditor to perform the duties of the Clerk, for which \$100 shall be allowed him for extra clerk hire; and the 3d section, providing certain regulations in the disbursement of the money of the Sinking Fund.

Mr. PEYTON explained the bill as amended, the yeas and nays were as follows, viz:

YEAS.—Messrs. Boyd, Bramlette, Bristow, Butler,

Crenshaw, Harris, Hawkins, Helm, Holloway, Key,

Patterson, Peyton, Russell, Slaughter, Speed Smith,

A GUIDE to Justices, Sheriffs, Clerks Constables, &c., revised and amended, by J. C. HERNDON, just published and for sale at the Commonwealth Office—price \$3 50.

We are sorry we were unable to attend the meeting at the Court House, on the evening of the 22d. The address of our young friend, LEWIS HARVIE Esq., delivered on that occasion, is spoken of in terms of the highest commendation by those who were present.

The Lexington and Licking Valley Railroad charter, was amended in the Senate on yesterday, by adding thereto, a charter for the Louisville and Frankfort Railroad, and then passed by a vote of ayes 22, nays 15.

See the advertisement of Bridge Stock to be sold at auction on Saturday next, at the Court House door.

A bill passed the House of Representatives on the 15th, to admit Wisconsin into the Union.

THE THREE MILLION BILL.—ADOPTION OF THE WILMOT PROVISO.—The House of Representatives on the 15th inst., says the Baltimore Patriot, passed the bill for placing three millions at the disposal of the President for the purpose of "buying a peace," but with the Wilmot Proviso attached to it. This Proviso prohibits the introduction of slavery, as it now exists in the South, into any of the Territory that may be acquired by the United States under this bill. This amendment was adopted by a majority of nine votes in very full house—there being 115 yeas for it, and 106 nays against it, making 221 members out of the 228 of which the House is composed. The bill was then passed by about the same vote—twelve members who had voted against the proviso voting afterwards for the bill, and eleven who had voted for the proviso then voting against the bill.

What will be the fate of the bill in the Senate, is by no means certain, though the chances are that it will not pass with the proviso, even if it pass at all. The probabilities are that the bill will fail in one house of the other, or if it escape them be vetoed by the President, so that the prospect of getting a peace by buying it is now as bad as is the prospect of being soon able to conquer one.

Corn sold in Cincinnati on Saturday last, at 45 and 47 cents per bushel, sacks included. This shows a downward tendency in the market.

THE FRENCH GOVERNMENT, it is said, has received intelligence of the difficulty between Brazil and the United States, and has resolved to offer its mediation to both governments.

THE MAINE ELECTIONS.—The elections in this State place the Democrats in the House in a majority of one. This will secure the election of the Democratic candidates in the other branches of the Government. The battle has been long and well contested by the Whigs, and though they are beaten, they deserve great credit for their efforts.

FROM TEXAS.—The steam ship Palmetto, arrived at New Orleans on the 10th inst., from Galveston. She brings no news of importance. Generals Scott and Worth are still at Brasos. Gen. Worth's whole command had arrived from above, and were reported to be all on shipboard, and ready to sail down the coast.

An attack on Vera Cruz, is regarded as finally determined upon.

M. WESTCOTT, one of the Locofoco Senators from Florida, seems to have a very correct appreciation of the standing of the Locofoco President with the American people. Mr. W., in his recent speech in the Senate, says that "Mr. Polk, if now before the people, could not carry a single township in the country!"—*Lou. Jour.*

A SEVERE REBUKE.—The Tuscaloosa Observer, the new democratic paper at the late seat of Government in Alabama, administers the following severe, but just and merited rebuke to the slanderers of old "Rough and Ready":

ATTACK ON GEN. TAYLOR.—Two members of the House of Representatives in Congress, have been bad enough, or fools enough, to commence a malignant attack on the war-worn veteran who has led his armies to uninterrupted victory through the miseries and marshes of the Rio Grande. They dare to charge him with inefficiency, when he never fired a shot which did not tell; and with delay, when he lay on the banks of the fatal river with no means of transportation; and when unprecedented inundations would have rendered all such means useless if he had had them. These men are Fisklin of Illinois, and Thompson of Mississippi. We blush to say they are democrats. We cannot believe that they speak for any but themselves. But what we do not only believe, but know is, that democrats or whigs, if they persevere in this scandalous and disgraceful attack, they, and all who abet them, will rush upon their own destruction. The South, at least, will stand by their gallant son, grown gray under his country's banner, and they will spit with scorn on their faithless representatives, who, like Thompson of Mississippi, dare to traduce him from their comfortable seats, whilst he is still battling his country's foes amid the rains and the lightnings of the tropics.

WESTERN MILITARY INSTITUTE.
It will be seen by the advertisement on another page, that our friend T. F. Johnson, of Georgetown, Kentucky, so long and successfully devoted to the cause of education, has projected a new institution for the education of young men, with the above title. We are informed by him, that the design of the Military feature of the institution is not so much the acquirement of Military knowledge, for its own

sake, as to secure the manifold advantage of superior discipline, habits of subordination, and the better development of the physical constitution, and the active powers of the body, known to result from military discipline and training. The promotion of a military or warlike spirit, is not part of his design.—He reasons, and we think correctly, that those who are best acquainted with military affairs, and who have the good of their country at heart, will be less disposed to hurry it into war heedlessly or unnecessarily, than those who are less enlightened on such subjects. The want of some system of bodily exercise, to secure the physical health and activity of students, has been long felt in our colleges. Manual labor has been in some instances introduced, but with very partial success. The intention of this institution is to secure regular and active exercise, by daily drilling in military maneuvers, at stated hours, in the open field, also by frequent practice in surveying and civil engineering. Besides these peculiarities, the plan of instruction embraces a regular collegiate course, with a general miscellaneous course of instruction in the constitution and laws of the country. The main design of the enlightened projector of the institution, is to impart to young men such a practical education as will fit them for the life of enterprise, to which most of them are destined, at the present interesting and exciting period in the history of the country, when new States are being planted in our western wilderness—when with increasing velocity

CITY HOTEL

D. TUTTLE & SONS

Very leave to inform their friends and the public, that they
did, on Saturday, the 14th of November last, open this well-known Hotel, on Fourth street, between Main and
Walnut. The house has been neatly fitted up, and is pleasantly
located in the most business part of the city. It has, also, the ad-
vantage of two floors, the upper one being a private
parlour, containing a large number of suites of
rooms pleasantly situated for families; also, rooms for single
gentlemen, well lighted and ventilated.

The proprietors trust, by strict attention to the wants of their
patrons, to merit a goodly patronage, and hope those who
may favor them with a visit that nothing shall be wanting on
their part, to make the City Hotel second to none in the city.
